

NOT TREATED

Can you imagine the germs that are on high touch items?

MICROHALT™

With MicroHalt™ there's no worry!
It's the invisible difference that makes all the difference.

HOW MICROHALT™ TECHNOLOGY WORKS

- Manufactured with an antimicrobial additive which fights bacteria growth on the product's surface
- Neutralizes over 99% of active bacteria on product's surface
- Additive doesn't wear off and remains effective for the life of the product

**FIGHTING BACTERIAL GROWTH ON PRODUCTS
ALL DAY. EVERY DAY!**
