- 10 wipes per package
- Once applied, the repellent lasts for 6 hours
- Active Ingredient: Ethyl Butylacetylpropionate
- Resealable package
- Full Color Digital Label

Case Study:

The Bug Repellent Wipes, imprinted with the venue's colorful logo, were handed out at the kickoff event of an outdoor concert series. The concert attendees enjoyed not having to ward off pesky bugs during the show and the convenient resealable packages made it easy for them to bring the wipes with them again the following weeks.
